

The Yeti special needs stroller is designed for larger/older children who are unable to walk or sit in a correct position as a result of injuries, diseases or motor dysfunctions. The stroller is suitable for users at a height of 130-175 cm and a weight of 80 kg.

Its heavy-duty construction is equipped with the "I GROW WITH YOU" system (smooth extension of the backrest height and the seat depth as your child grows) and adjustable tension system which allows to adjust the proper upholstery tension both on the seat and the backrest guarantees you a support for many years.

Moreover, Yeti's solid suspension along with a fast folding mechanism, tilted seat, reclining backrest and a wide range of accessories significantly simplify the everyday use irrespective of the weather conditions and time of the year. Modern and practical design is his additional asset.

INDICATIONS:

- paralysis and paresis of lower limbs of various origins
- paralysis and paresis of the trunk
- weakening of postural muscles responsible for maintaining the correct body position

SEAT ADJUSTMENTS

reducer cushions

Reducer cushions set consisting of 4 independent velcro pads offers an additional adaptation of the seat interior through simple attaching of the pads at desired position. Easy adjustment of seat width and depth at your fingertips.

I GROW WITH YOU

extensive adjustment options

"I GROW WITH YOU" system allows to extend:
- the seat depth up to 45 cm
- backrest height up to 85 cm
(tools required)
Designed to adapt and evolve!

LYING POSITION

wide range of backrest recline

With a fully adjustable seat and footrest you may quickly alter the stroller into a cozy bed perfect for a short rest or a nap.

WINDSTOPPER
multifunctional upholstery

YETI is equipped with a multifunction windstopper that not only comes in handy during windy conditions but also protects against unnecessary arm movement and limits visual stimulation.

FOLDING LIGHTWEIGHT FRAME
ease of storage and transportation

The one-piece construction of YETI stroller allows for a quick and easy folding which facilitates daily use, storage and transport.

DRIVING SUPPORT
comfort for the bumpiest journeys

The stroller is equipped with adjustable rear suspension in the rear wheels, swivel front castor wheels with option to lock, central brake and a tilt-foot.
